First Assignment
Complete Before 30 Aug. 2026
C-Programming List –I Based on Statement Classifications
(Assignment Complete Before 30 Aug. 2026)

A. Basics /Sequential Program.

1. C Program to Print Hello Word.
2. C Program to Declaring Variable and Printing its Value.
3. C Program to Calculate Area and Circumference of Circle.
4. C Program to Calculate Area of Equilateral Triangle.
5. C Program to Calculate Area of Right angle Triangle.
6. C Program to Calculate Area of Circle.
7. C Program to Calculate Area of Rectangle.
8. C Program to Calculate Area of Square.
9. C/C++ Program four digit number sum.
10. C Program reverses of a given number.
11. C Program to Find sum of two numbers
12. C Program to Calculate sum of 5 subjects and find percentage
13. C Program to Swap of two no's with using third variable
14. C Program to Swap of two no's without using third variable.
15. C Program to Swap of three no's with using third variable
16. C Program to Swap of four no's with using third variable
17. C Program to convert temperature from degree centigrade to Fahrenheit
18. C Program to find gross salary.
19. C Program to find distance in kilometer of given meter.

B. Decision Making Statements Based Programs

20. C program to find given number is even or odd.
21. C program to find given number is positive or negative.
22. C/C++ program to find given number is equal or not.
23. C/C++ program to find the largest of two numbers.
24. C/C++ program to find the largest of three numbers.
25. C/C++ program to find the smallest of two numbers.
26. C/C++ program to find the smallest of three numbers.
27. C/C++ program to checks whether it is a vowel or a consonant.
28. C/C++ program to check whether a character is an alphabet or not.
29. C/C++ program to find roots of quadratic equations with considered all cases.
30. C/C++ program to find given year is leap year or not.

C. Control Statements

31. C/C++ program to find sum of first n natural number.i.e: s=1+2+3..+n
32. C/C++ program to find sum=1+3+5+….
33. C/C++ program to find sum= 2+4+6..
34. C/C++ program to find sum=1/1+1/2+1/3+…1/n

35. C/C++ program to find factorial of given number.
36. C/C++ program to generate Fibonacci series of given limit.
37. C/C++ program to find sum=1/1!+1/2!+1/3!+.....1/n!
38. C/C++ program to find a reverse of a given number.
39. C/C++ program to find power function a^b.
40. C/C++ program to sum=1/2!+1/4!+1/6!+1/8!
41. Write a C program to create an array and display it.
42. Write a C program to find the total number of odd/even numbers in array.
43. Write a C program to find the sum of even or odd number in array.
44. Write a C program to swap a number in array.
45. Write a C program to reverse of an array.
46. Write a C program to find out maximum in array.
47. Write a C program to find out minimum in array.
48. Write a C program to search a key element in array.
49. Write a C program to arrange an array element either in increasing or decreasing.
50. Write a C program to create a matrix and display it.
51. Write a C program to find out the addition, subtraction, multiplication and division of two matrix.
52. Write a C program to find out the elements of diagonal of matrix.
53. Write a C program to find out the addition, subtraction, multiplication and division of diagonal of a matrix.
54. Write a C program to find maximum 4X3 array.
55. Write a C program to find maximum 3X4 array.
56. Write a C program to swap first element with last, second to second last and vice versa in 10X10 array.
57. Write a C program to 2D array of 7X5 which consist 0 and 1.
58. Write a C program to find total number of 0's and total number of 1's.
59. Write a C program to copy from one matrix A to another matrix B who's size 3X3.
60. Write a C program to transpose of given matrix 3X3.
61. Write a C program in c to swap two numbers by using call by value and call by reference.
62. Write a C program using call by reference to find area of circle and value would be display.
63. Write a C program to complete area of rectangle call by reference.
